CERTIFIED RETURN RECEIPT 7002 0510 0003 8603 3097

Tom Mathison
Shaw Environmental, Inc.
2790 Mossdale Boulevard
Monroeville, Pennsylvania 15146

Subject: Public Notice to Owners of Record, Large Mine Plan, Shaw Environmental, Inc., Lime Peak Quarry, M/049/047, Utah County, Utah

Dear Mr. Mathison:

Pursuant to Rule 647-4-116 of the Utah Division of Oil, Gas and Mining's Minerals Reclamation Program, you are hereby notified of the Division's intent to issue tentative approval for Shaw Environmental, Inc.'s large mine permit application for their Lime Peak Quarry project in Utah County, Utah. This rule requires that all owners of record or immediately adjacent to the land affected be notified of said action. A copy of the public notice, that will be published in the Utah and Juab Counties and Salt Lake area newspapers, is attached for your reference and information.

Anyone aggrieved by this tentative decision is hereby advised to file a written protest with this Division setting forth factual reasons why this proposed operation should not be approved. Written objections of substance, received by the Division during the public comment period, will be heard at a formal adjudicative proceeding in accordance with UCA §40-8-13

Sincerely,

Susan M. White

K

BEFORE THE DIVISION OF OIL, GAS AND MINING
DEPARTMENT OF NATURAL RESOURCES
STATE OF UTAH

---ooOoo---

IN THE MATTER OF TENTATIVE
DECISION TO APPROVE A LARGE
MINING AND RECLAMATION PLAN
FOR SHAW ENVIRONEMTAL, INC.,
LIME PEAK QUARRY,
UTAH COUNTY, UTAH

:

:

:

NOTICE OF TENTATIVE
DECISION TO APPROVE

NO. M/049/047

---ooOoo---

THE STATE OF UTAH TO ALL OPERATORS, TAKERS OF PRODUCTION,
MINERAL AND ROYALTY OWNERS, AND PARTICULARLY ALL PERSONS
INTERESTED IN SECTIONS 4, 5 AND 8, TOWNSHIP 10 SOUTH, RANGE 2 WEST, SLBM,
UTAH COUNTY, UTAH.

Notice is hereby given by the Division of Oil, Gas and Mining of its tentative decision to approve the Large Mining Operations Notice of Intention for Shaw Environmental's Lime Peak Quarry. Mining activities will affect the following areas: portions of: the west 1/2 of the southwest 1/4 of section 4; the east 1/2 of the southeast 1/4 of the southeast 1/4 of section 5; and the northeast 1/4 of the northeast 1/4, the northwest 1/4 of the southeast 1/4 of the northeast 1/4, the northeast 1/4 of the southwest 1/4 of the northeast 1/4, and the east 1/2 of the northwest 1/4 of the northeast 1/4 of section 8; Township 10 South, Range 2 West, SLBM, Utah County, Utah

Shaw Environmental Inc. has submitted a permit application to combine four existing small mining projects into one large mining operation, with additional area for future use. Reclamation surety will be provided to the Division for the proposed project disturbance. The operator will employ the following mining and reclamation techniques on approximately 24.7 acres of private land (some of which was disturbed historically).

During Operations: No permanent facilities are associated with this operation. Temporary structures include a 500-gallon fuel tank, a crusher and stacking facility. Prior to new disturbances, available soils will be salvaged for reclamation. No topsoil is available on the old quarry area in section 4. Stone in blasted and excavated from the quarry area and hauled to the processing area. Here it will be crushed and screened and stockpiled. Final product will be hauled by truck to various superfund mitigation areas in the Eureka area. Fugitive dust will be controlled by application of magnesium chloride and water. The operator has an Air Quality Approval Order for operation of the crusher.

After Operations: The quarry area will be left with an overall slope of 45 degrees (1h:1v). Because the pre-existing operation did not salvage soil materials, no soil will be

replaced. Regrading with an excavator and seeding will reclaim access roads to the quarry. Reclamation of the processing area will consist of removal of the crusher and screening facility, ripping the entire area to a depth of 2 feet, replacing a minimum of 12 inches of plant growth material and broadcast seeding with a seed mix of native species designed to achieve the post mining land use of limited grazing and wildlife habitat.

The person representing the company is Mr. Tom Mathison; Phone (412) 380-6207. Shaw Environmental, Inc. is fulfilling obligations under the Utah Mined Land Reclamation Act of 1975, Utah Code Ann. §40-8-18.

Any person or agency aggrieved by this tentative decision to issue approval is hereby requested to submit written protest within thirty (30) days of the date of publication to Mary Ann Wright, Associate Director of Mining, Division of Oil, Gas and Mining, 1594 West North Temple, Suite 1210, Box 145801, Salt Lake City, Utah 84114-5801, setting forth factual reasons for the complaint and if a hearing is desired. If no responsive written protests are received by the Division within 30 days after the last date of publication, the tentative decision of the Division will be final.

DATED THIS 23rd day of September, 2005.

STATE OF UTAH
DIVISION OF OIL, GAS AND MINING

A handwritten signature in black ink, appearing to read "Mary Ann Wright", is written over the printed name and title.

Mary Ann Wright
Associate Director, Mining
